

SAA Convention

AMBASSADORS GUIDE 2025

The convention is an opportunity for all of us to learn about and experience our recovery with other addicts walking the same path. Addicts from across the world in 2025 will follow a path to Austin for a weekend to share in recovery.

Our mission is to carry our message to the addict who still suffers and to do this we need your help. As a convention ambassador, you can let fellow addicts in your community know when and where the convention is, direct them to where they can register and answer questions as they come up.

Suggestions for encouraging people to attend:

- Talk to people at meetings and encourage them to attend (give them a brochure).
- Check to see if the meetings that you attend have brochures and if they don't restock their brochure supply. More brochures can be obtained from ISO or you can print out your own using the downloadable PDF available on the convention website.
- Recruit other ambassadors in your area to get the word out. Try initially going to people who have attended the convention before and thus have experienced the benefits as they can bring their own experience to the message around the convention.
- Direct people to the convention website at saa-convention.org (password: goingbatty). There's lots of information about the convention and things to do around Columbus, as well as other useful information.
- Encourage people to register online. It is easy, fast and secure.
- Encourage people to sign up before April 29th to get the early bird special. Meals are not available after that date.
- Remind attendees outside the USA to obtain a passport.
