OLD BUSINESS:

NEW BUSINESS:

Mark of Mexico suggested that we add in to the script the sentence "By group conscience we use "I" statements and not "You" statements" into the following paragraph in the script:

We try not to use offensive language, or descriptions that are too explicit. By group conscience we use the "I" statements and not "You" statements. We avoid mentioning specific names or places associated with our acting-out behavior.

This chance was proposed by Mark of Mexico and seconded by Steve (NJ)

A call for vote resulted in unanimous approval and it was added to the script.

Joe (CA) proposed we look at reducing size of the script and it was suggested that we postpone looking into this until after the holidays.

The meeting was Adjourned at 12:39 p.m. CST with Fellowship immediately commenced.
